School Processes & Programs

School Processes & Programs Summary

Staff Recruitment and Retention

Walker maintains a focus on recruiting, hiring, and retention of highly qualified and student focused staff with a passion for teaching in a Title 1 School. The partnership between campus and district leadership is paramount to the successful achievement of this goal. Walker will continue to support new teachers through strategic pairing with mentor teachers. Walker has provided additional support for teachers through a(n) interventionist, student support facilitator, and a grant funded instructional coach. A coaching mindset is being facilitated using the T TESS model to work individually with staff to set personal goals and monitor growth for our teacher and students. In addition to ongoing data analysis and needs assessment, administrators will be able to provide recommended or required professional development sessions for staff in need of support. Hiring practices allow for a teaching component and a teacher panel.

School Context & Organization

Walker Elementary will focus on celebrating all growth of staff and monitor data to ensure growth occurs. The campus is focused on the growth of 100% of our students within the timeline established by the state. Walker has revised a master schedule that maximizes instructional time and provides opportunities for multiple interventions. Data meetings are held regularly through PLC time to review individual student progress in the areas of academic achievement (including growth), behavior, and attendance data.

Technology

Technology integration is a critical component of student learning at Walker and within CISD. Teachers are currently utilizing chromebooks and Google Classroom in their daily work. We will continue to partner with the district and our campus technology liaison to provide teachers with professional development opportunities in the area of technology. Sixth grade students are 1:1 with chromebooks; each remaining classroom has access to a chromebook cart; Life skills and headstart are equipped with a Bin Q to provide access to students with special needs.

Curriculum, Instruction & Assessment

Walker Elementary continues to implement, monitor, and evaluate curriculum. Our campus currently uses curriculum provided by the district; teachers also use their own resources that align with the depth and complexity required of the TEKS. Various data sources are utilized regularly to inform instructional decisions, including intervention, small group instruction, after school tutoring, and mandated guidelines of HB4545. Data sources indicate that additional support is needed in the rigorous implementation of curriculum, along with our instruction related to ELL and SPED students. Walker values the differentiation in presentation of curriculum to meet the needs of all students within the diverse student population of the school.

School Processes & Programs Strengths

STUDENT WELFARE
FREEDOM FROM BULLYING

FFI
(LOCAL)

Note: This policy addresses bullying of District students. For purposes of this policy, the term bullying includes cyberbullying.

For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

Bullying Prohibited

The District prohibits bullying, including cyberbullying, as defined by state law. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.

Examples

Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.

Retaliation

The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.

Examples

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

False Claim

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.

Timely Reporting

Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.

**Reporting
Procedures**

Student Report

To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee. The Superintendent shall develop procedures allowing a student to anonymously report an alleged incident of bullying.

Employee Report

Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.

Report Format	A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.
Notice of Report	When an allegation of bullying is reported, the principal or designee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after the incident is reported.
Prohibited Conduct	The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.
Investigation of Report	The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.
Concluding the Investigation	<p>Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation.</p> <p>The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.</p>
Notice to Parents	If an incident of bullying is confirmed, the principal or designee shall promptly notify the parents of the victim and of the student who engaged in bullying.
District Action	If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the District's Student Code of Conduct and may take corrective action reasonably calculated to address the conduct. The District may notify law enforcement in certain circumstances.
<i>Discipline</i>	A student who is a victim of bullying and who used reasonable self-defense in response to the bullying shall not be subject to disciplinary action.

STUDENT WELFARE
FREEDOM FROM BULLYING

FFI
(LOCAL)

	The discipline of a student with a disability is subject to applicable state and federal law in addition to the Student Code of Conduct.
<i>Corrective Action</i>	Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine whether any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District's policy against bullying.
<i>Transfers</i>	The principal or designee shall refer to FDB for transfer provisions.
<i>Counseling</i>	The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.
Improper Conduct	If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take action in accordance with the Student Code of Conduct or any other appropriate corrective action.
Confidentiality	To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.
Appeal	A student who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level.
Records Retention	Retention of records shall be in accordance with CPC(LOCAL).
Access to Policy and Procedures	This policy and any accompanying procedures shall be distributed annually in the employee and student handbooks. These provisions do not give districts the authority to prescribe medications. Any and all medical decisions are to be made by a parent or guardian of a student.

"Postvention" includes activities that promote healing necessary to reduce the risk of suicide by a person affected by the suicide of another.

A district may meet this requirement on a grade-span by grade-span basis or a school-by-school basis.

For purposes of determining comparability, a district may exclude state and local funds expended for language instruction educational programs and the excess costs of providing services to children with disabilities as determined by the district.

The services and benefits, including materials and equipment, shall be secular, neutral, and non-ideological, shall be equitable in comparison to services and other benefits for public school children participating in Title I, Part A programs, and shall be provided in a timely manner. A district may provide services directly or through contracts with public and private agencies, organizations, and institutions.

3. Ratio of students to full-time equivalent instructional staff whose salaries are not federally funded.

In special programs, such as special education, bilingual education, or English as a second language, a lower ratio may be maintained and more money may be spent per individual campus as necessary to fulfill other legal requirements. These costs shall be excluded from the comparability of services calculations.

Threat Assessment

Definitions

“Harmful, threatening, or violent behavior” includes behaviors, such as verbal threats, threats of self harm, bullying, cyberbullying, fighting, the use or possession of a weapon, sexual assault, sexual harassment, dating violence, stalking, or assault, by a student that could result in:

1. Specific interventions, including mental health or behavioral supports;
2. In-school suspension;
3. Out-of-school suspension; or
4. The student’s expulsion or removal to a disciplinary alternative education program (DAEP) or a juvenile justice alternative education program (JJAEP).

“Team” means a threat assessment and safe and supportive school team established by the board under Education Code 37.115.

Education Code 37.115(a)

Threat Assessment
Team

The board shall establish a threat assessment and safe and supportive school team to serve at each campus of the district and shall adopt policies and procedures for the teams.

The team is responsible for developing and implementing the safe and supportive school program in compliance with Texas Education Agency (TEA) rules at the district campus served by the team.

The policies and procedures adopted under Education Code 37.115 must:

1. Be consistent with the model policies and procedures developed by the Texas School Safety Center (TxSSC) [see Education Code 37.220];
2. Require each team to complete training provided by the TxSSC or a regional education service center (ESC) regarding evidence-based threat assessment programs; and
3. Require each team established under this section to report the required information regarding the team’s activities to TEA [see Reporting to TEA, below].

Membership

The superintendent shall ensure that the members appointed to each team have expertise in counseling, behavior management, mental health and substance use, classroom instruction, special education, school administration, school safety and security, emergency management, and law enforcement. A team may serve more

than one campus of a district, provided that each district campus is assigned a team.

Oversight
Committee

The superintendent may establish a committee, or assign to an existing committee established by the district, the duty to oversee the operations of teams established for the district. A committee with oversight responsibility must include members with expertise in human resources, education, special education, counseling, behavior management, school administration, mental health and substance use, school safety and security, emergency management, and law enforcement.

Team Duties

Each team shall:

1. Conduct a threat assessment that includes assessing and reporting individuals who make threats of violence or exhibit harmful, threatening, or violent behavior in accordance with district policies and procedures; and gathering and analyzing data to determine the level of risk and appropriate intervention, including:
 - a. Referring a student for mental health assessment; and
 - b. Implementing an escalation procedure, if appropriate, based on the team's assessment, in accordance with district policy;
2. Provide guidance to students and school employees on recognizing harmful, threatening, or violent behavior that may pose a threat to the community, school, or individual; and
3. Support the district in implementing the district's multihazard emergency operations plan [see CKC].

Consent for Mental
Health-Care Service

A team may not provide a mental health-care service to a student who is under 18 years of age unless the team obtains written consent from the parent of or the person standing in parental relation to the student before providing the mental health-care service. The consent must be submitted on a form developed by the district that complies with all applicable state and federal law. The student's parent or person standing in parental relation to the student may give consent for a student to receive ongoing services or may limit consent to one or more services provided on a single occasion.

Education Code 37.115(c)–(g)

Determination of
Risk

On determination that a student or other individual poses a serious risk of violence to self or others, a team shall immediately report the team's determination to the superintendent. If the individual is a student, the superintendent shall immediately attempt to inform the

parent or person standing in parental relation to the student. These requirements do not prevent an employee of the school from acting immediately to prevent an imminent threat or respond to an emergency.

A team identifying a student at risk of suicide shall act in accordance with the district's suicide prevention program. If the student at risk of suicide also makes a threat of violence to others, the team shall conduct a threat assessment in addition to actions taken in accordance with the district's suicide prevention program.

A team identifying a student using or possessing tobacco, drugs, or alcohol shall act in accordance with district policies and procedures related to substance use prevention and intervention.

Education Code 37.115(h)–(j)

A team must report to TEA in accordance with TEA-developed guidelines the following information regarding the team's activities and other information for each campus the team serves:

1. The occupation of each person appointed to the team;
2. The number of threats and description of the type of threats reported to the team;
3. The outcome of each assessment made by the team, including:
